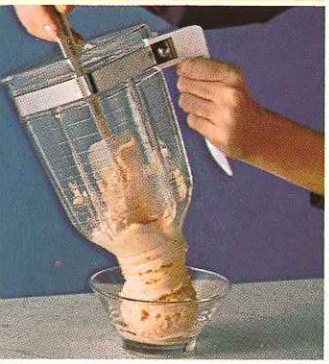
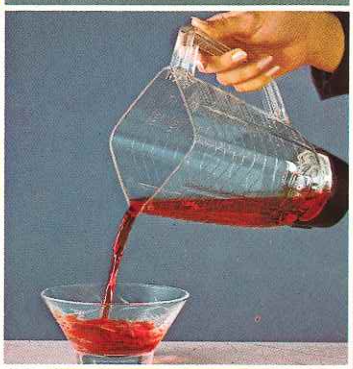
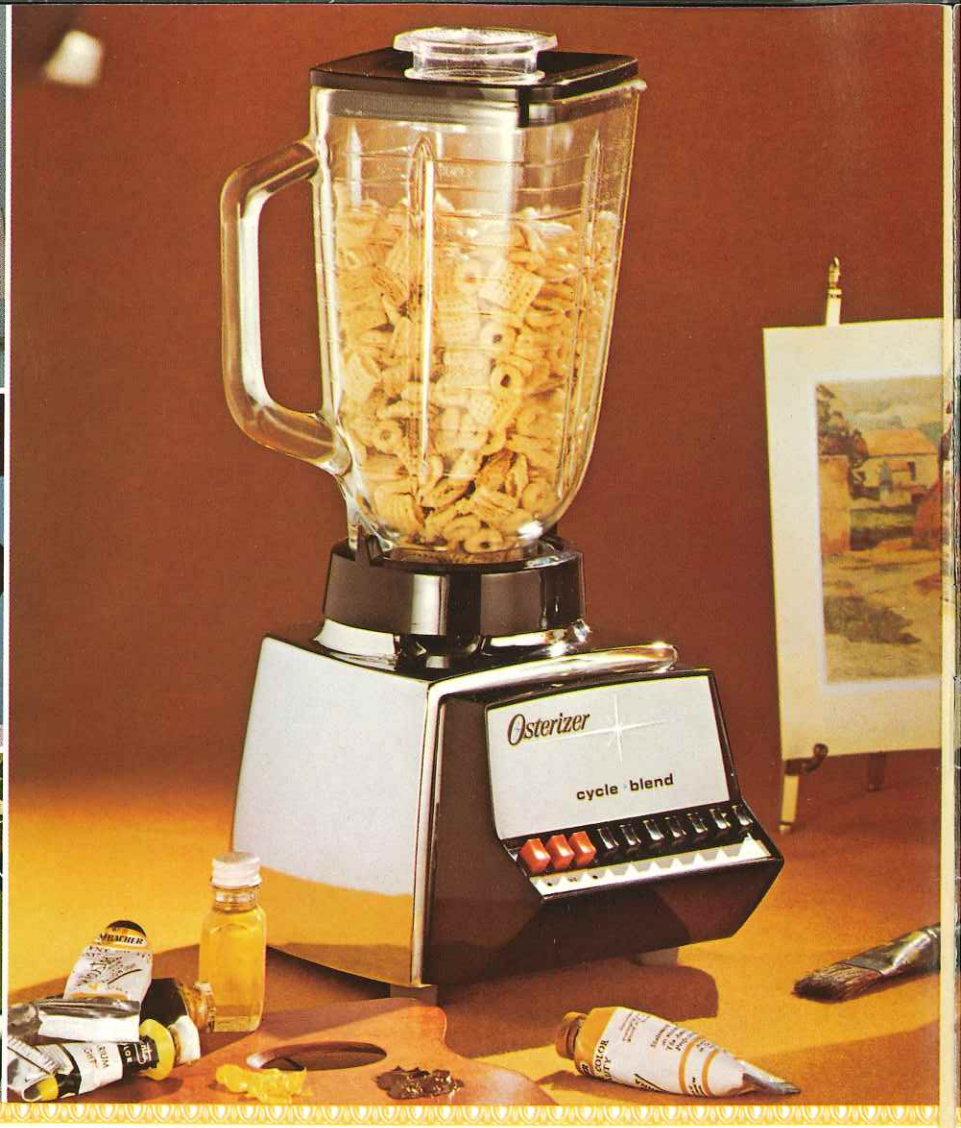
CONTROLLED CYCLE BLENDING...

for ease in processing food pieces to exact size-gives you touch-and-release, instant start-and-stop control. Makes it almost impossible to over-blend! Whether you prefer an automatic or manual Controlled Cycle Osterizer blender, there's a model to fit your needs.







...other Osterizer features

. . . the Osterizer blender container opens at *both* ends, makes it a *true* food preparation appliance. Solid foods empty easily out the bottom of the container after blending, and liquids pour out the top.

All containers have convenient built-in pouring lips, tapered cutting wells to ensure proper processing. Sure-Grip handles, and are legibly marked for measuring. Stainless steel cutting blades, too!

Each container has a removable measuring cap in the splash-proof cover. This convenient feature enables you to add ingredients while processing without turning off your Osterizer blender.

Unique Grip-Tite seat secures container to sturdy base . . . the container won't tip, won't unscrew while blending, can't be knocked over. Rugged motor blends the heaviest of batters.

10-SPEED "CYCLE-BLEND" OSTERIZER BLENDER

Seven versatile push-button speeds easily blend delicious menus throughout the day. Just push and release any of the three *additional* Cycle speed buttons — "Grate, Chop, or Grind" — to achieve perfect size pieces for salads, soups, entrees, and desserts. Large 5-cup glass container is family-size, conveniently opens at *both* ends; 2-oz. cap in cover is removable for adding ingredients while processing; Spin Cookery cookbook. Select any of three chrome accented colors. 960 watts. Ship. wt. 10 lbs.
